# Lesson 8

## Talk about it

What do you do during Ramadan? Tell your partner.

### 103 2 Read and listen

Read and listen to the text.

Ramadan is the ninth month in the lunar year and is the Holy Month. Almost 1.6 billion people will fast in Ramadan. It lasts for thirty days and the date it begins changes every year. From sunrise to sunset, adults mustn't drink any water or eat any food. This is called fasting. Young people and people who are ill do not fast.

People must be kind and helpful to everyone and pray Traweeh every day. They read the Quran and think about how to be a good person.

During Ramadan, you must think about how lucky you are to have a house, food and water because many people do not have these things. You must think about poor people in your community and help them have a better life. You mustn't feel angry or use bad words.

My school volunteered to clean up Hameem Beach in Al Dhafra. I really liked it and learned a lot about the environment.

I want to tell other people to stop polluting the sea and the deserts and protect our beautiful country. We must protect the Emirati environment.

My family loves going to the beach, having a barbecue and watching flamingos, but we never leave rubbish that will kill animals. My teacher told me that when plastic bags fall into the sea, turtles, dolphins and fish try to eat them and then they die. This made me very sad.

I think it is important that everyone picks up rubbish. I'm looking forward to February 4th which is National Environment Day in the UAE every year.
