104 2 Read and listen

Read and listen to the text.

My school volunteered to clean up Hameem Beach in Al Dhafra. I really liked it and learned a lot about the environment.

I want to tell other people to stop polluting the sea and the deserts and protect our beautiful country. We must protect the Emirati environment.

My family loves going to the beach, having a barbecue and watching flamingos, but we never leave rubbish that will kill animals. My teacher told me that when plastic bags fall into the sea, turtles, dolphins and fish try to eat them and then they die. This made me very sad.

I think it is important that everyone picks up rubbish. I'm looking forward to February 4th which is National Environment Day in the UAE every year.
